

Effie Yeaw Nature Center June Adventures

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
<i>Descriptions and details about each program are on reverse side</i>				What is Summer Solstice? The summer solstice occurs when a planet's rotational axis, in either northern or southern hemispheres, is most inclined toward the star that it orbits. This happens twice each year (once in each hemisphere), at which times the Sun reaches its highest position in the sky as seen from the north or the south pole.  The summer solstice day has the longest period of daylight – except in the polar regions, where daylight is continuous. <i>(Information from Wikipedia)</i>		1 River Walk 10:30am

All ages welcome!

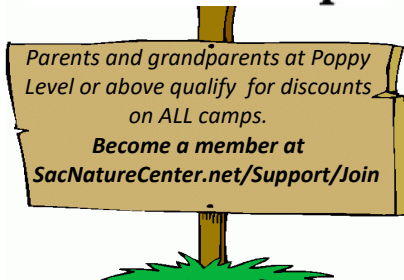

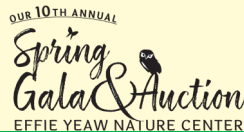

Weekends are Always Hopping!!

Join us every Saturday and Sunday for hikes and talks.

Donations welcomed! Space is limited – sign-ups are taken the day of the event.

Saturdays – 10:30am		Sundays – 1:30pm	
June 1—River Walk: Celebrate the beauty of nature on National Trails Day with a guided walk through the Nature Preserve and down to the American River. You may want to bring your binoculars or borrow a pair from us.		June 2—Sensational Snakes: Meet a resident snake up-close and discover how these reptiles use their senses to survive. Enjoy a short stroll with a Naturalist and learn how to be safe when viewing the reptiles who dwell in the Nature Preserve.	
NOTE: No program on Saturday, June 8 due to the Spring Gala & Auction.		June 9—*PAID* Fawn Watch: Learn all about the world of deer! Come have a table talk with a Naturalist before heading out into the preserve to look for baby deer. This program has a cuteness level that is off the charts!	
June 15—Critter Corner: Happy Adoption Day! Come celebrate our animal ambassadors that joined the Nature Center throughout the years in the month of June! Get a close encounter as you learn their stories, about their species and how you can sponsor an animal with the “Adopt an Animal” program!		June 16—*PAID* Fathers & Frogs: Bring Dad and make a splash this Father’s Day as you explore the Nature Center’s pond. Using catch and release activities, you’ll discover the hidden world of water insects, polliwogs and, if you’re lucky, an adult frog!	
June 22—*PAID* Feathers & Scales: Compare and contrast birds and reptiles. How are they similar? How are they different? What makes them so successful in their environments? What does the future hold for these two classes of animal?		June 23—Raptors Up Close: Meet one of the resident birds of prey under the care of the Effie Yeaw Nature Center and join us as we search the sky for visiting raptors. You may want to bring your binoculars or borrow a pair from us!	
June 29—Optimum Opossum: Learn all about these fascinating, unique and misunderstood creatures. These animals are very interesting, but most people don’t know anything about them. Come learn about this really cool critter!		June 30—*PAID* Tools & Tales: Join us inside and enjoy some tantalizing tales of creatures, people and nature! Get a chance to view replica Maïdu artifacts made from the gifts of Earth and learn about their many uses. Then make abalone necklaces with a Naturalist!	

Get INTO Nature This Summer!

Our *Under the Oaks Nature Camps* give children the opportunity to discover, experience and explore the great outdoors! Each camp is focused on different nature-related themes with hands-on explorations, hikes, games, crafts and stories. *Camps run 9am to noon daily. Pre-registration required.*
