These family-friendly opportunities offer more in-depth information on a variety of science topics. These special weekend programs have limited capacity, so that families can be up-close to animals and biofacts. Cost is \$5/adult and \$3/child 12 & under. Member prices: \$4/adult and \$2/child. Special programs are denoted with an * on this calendar.			

Admission to the Center is a suggested donation of \$2 per adult and \$1 per child. Your generosity keeps our doors open and programs running! Thank you for your support!

*\* Try one of our new special in-depth programs: \$5 for adult, \$3 for 12 & under. Discounts for members.*

Saturdays – 10:30am	Sundays – 1:30pm
<p>Did you know that Robin eggs are blue because of pigments in the mother robin’s blood?</p>	
<p><b>April 6 – Water Wonderful World:</b> Join us in exploring our local waterways! Take a hike to the river and learn all about its journey, see what kinds of animals are living in and along its edge, and learn how keeping our local waterways clean can make life better for all that share this earth!</p>	<p><b>April 7 – Living in Water:</b> Discover the hidden world of water insects and polliwogs! Using catch and release activities get a close-up look at amazing little animals that live in our pond and can be found in our local waterways.</p>
<p><b>April 13 – Wildflower Walk:</b> Poppies, lupine, and grass pinks! Come explore the Nature Area in search of what’s in bloom.</p>	<p><b>April 14 – *PAID* Gifts from Mother Nature:</b> Come make a craft with materials from the natural world. This weekend we will be making Abalone necklaces. This experience is fun for the whole family!</p>
<p><b>April 20 – Birding for Families:</b> Bring the family out for a birding and nature walk led by a Naturalist and our special guest guides from the Sacramento Audubon Society. Birdwatchers of all levels welcomed. Make sure to bring your binoculars, or we can loan you a pair.</p>	<p><b>April 21 – Spring Egg-stravaganza!</b> Join us for a program that celebrates animals that hatch from eggs! Egg-xamine our nest and egg collections, then hit the trails in search of nests.</p>
<p><b>April 27 – *PAID* Scales and Tails:</b> People will build an understanding about reptiles, fish and amphibians and their important roles in their habitats. Program includes PowerPoint presentation and up-close observation of a variety of cold-blooded creatures.</p>	<p><b>April 28 – ‘Otter’ worldly:</b> Come learn about these acrobatic, aquatic animals. Otters are carnivorous mammals and are related to skunks and weasels. Learn about their family tree, their habitats, and all things OTTER!</p>

**Big Day of Giving**

**24 HOURS  
TO GIVE  
WHERE YOUR  
HEART IS**

*Support the  
the Nature Center  
on May 2!*
