Tour Time (select ONE):	<input type="checkbox"/> 9:15am – 11:00am		<input type="checkbox"/> 11:15am – 1:00pm		
Transportation to Site:	We will be arriving by: <input type="checkbox"/> Bus <input type="checkbox"/> Cars _____ (Approximate # of vehicles)				

\*\*Require a minimum of three (3) Adult Volunteers per tour in addition to the teacher.

Office Use Only	
Base price: \$170 x # of tours _____ = \$ _____	Additional adults fee = \$ _____
Total Amount Due: \$ _____	Invoice #: _____ Date: _____

**Disclaimer: Program request forms and policies are subject to change at the discretion of EYNC.**

## EDUCATION PROGRAM POLICIES

Thank you for choosing the Effie Yeaw Nature Center as one of your field trip destinations or in-classroom experiences. Research supports the need to partner traditional teaching with experiences allowing children to interact with the natural world.

*Please check your school year calendar and bus availability **prior** to choosing dates. Schedule as early as possible in the year to help ensure your preferred date and time.*

**Our two most important goals for your field trip/classroom program are the following:**

- 1. Your class has a high quality and engaging educational experience**
- 2. Your class has a safe and enjoyable nature experience**

With these important goals in mind we have set up procedures that will help maintain safety for your group and will assure your students gain the maximum benefit from their visit. **Please read the following as some policies have changed.**

**Reservations:** All reservations are on a “first-come, first-served” basis and processed according to date requested. Advance registration is required. Reservations are confirmed when you receive an invoice by email from the scheduling department. **Do not assume you have a reservation until you receive your invoice. This serves as the confirmation for your program.**

### **Payments:**

- Checks or credit card (MasterCard, VISA or American Express) accepted.
- ***Program payments are due on receipt and no later than two (2) weeks prior to the earliest presentation or service date. Make checks payable to EYNC.*** Only single-check payments will be accepted per program; multiple checks from parents will be returned. Person(s) scheduling programs will be responsible for related fees. Checks returned for insufficient funds will be charged an additional \$35 fee.
  - **Deposits:** the following programs require at least a **20% deposit** within 30 days of receiving confirmation email (unless program date/due date is sooner): **Maidu Full-Day Program, Pond and River Lab & Field Study** and the **Nature Plus! Program.**
- ***Payments not received within the required time may result in the cancellation of your reservation.***

**Rescheduling:** One scheduling change request may be accommodated per invoice depending upon staff and program availability **and** if requested **at least two (2) weeks prior to the program.** A \$25 service charge will be charged for each additional time a program is rescheduled at the request of the teacher. Programs will not be rescheduled less than two (2) weeks before the program date.

**Cancellations:** **A \$50 cancellation fee** will be charged for any program cancelled 14 days or less before the first program date on your invoice.

**Size:** Programs are designed for one class per program, with a **maximum of 35 students.**

### **Classroom Programs:**

The teacher is responsible for supervision and must remain with the students during the presentation. Teachers are encouraged to engage with their students throughout the program.

**Nature Center Onsite Programs:**

Program fees include up to 8 adults (including teachers and aides) \*. Programs held at the Nature Center require a minimum of 3-4 adult chaperones. \*(Two additional adults may participate for added fee of \$10 each.) Arrangements for additional parents must be completed prior to your program date. A refund will not be given if fewer students or adults attend the program than confirmed on the invoice.

**Supervision:** The teacher and adult volunteers are responsible for supervision and must remain with the students at all times. Teachers are encouraged to engage with their students throughout the program. **Siblings are not allowed. Please see the following pages for more information regarding parent volunteers and siblings.**

**Weather:** Programs are delivered rain or shine. If the EYNC staff determines the conditions are unsafe, an alternate indoor program will be delivered or your program will be rescheduled. In the very rare event the CHP requests drivers to stay off the roads due to unsafe conditions caused by extreme weather, EYNC staff will reschedule the program.

**Unscheduled Groups:** Groups without scheduled programs are welcome in the Nature Center and Nature Study Area after 1:30pm. The Museum, Maidu Village and trails are unavailable to unscheduled groups while paid programs are in progress. Remember, groups on the trails must be 20 people or fewer (per county code) and all participants must stay on the trails at all times. Unscheduled groups are required to pay park entrance fees, \$5 per car, \$20 per bus. **Please call the Nature Center and register as a walk-in group. Donations are gratefully accepted.**

*Effie Yeaw Nature Center on-site programs may include wading in a pond or river and hiking on unpaved, uneven trails, as indicated in the program description. All natural areas contain poisonous plants and animals as well as other natural hazards. Please ensure all participants have closed-toe shoes.*

*The Effie Yeaw Nature Center, American River Natural History Association (ARNHA) and the County of Sacramento, their officers and employees and any cosponsor of the activity, are held harmless from and against all liability for accident or injury to participants arising out of participation in this program.*

**ATTENTION!**  
A SIGNED COPY OF THIS POLICY DOCUMENT **MUST** BE RETURNED ALONG WITH YOUR PROGRAM REQUEST FORM BEFORE WE WILL PROCESS ANY PROGRAM REQUEST.  
THANK YOU.  
Email: [scheduling@sacnaturecenter.net](mailto:scheduling@sacnaturecenter.net)  
Fax: 916-489-4983

I have read, understand, and agree to the terms of these policies.

Signature \_\_\_\_\_ Date: \_\_\_\_\_

School Name \_\_\_\_\_

**Please share these policies along with the information on the following pages with your parent volunteers before your group arrives at the Nature Center.** We hope that we will not have to take time away from your program to discuss alternative arrangements after your group arrives. We thank you for your cooperation.

## **Field Trips to the Effie Yeaw Nature Center**

We are excited that you have scheduled a Nature Center program and we'd like to share the following tips for a successful trip!

### **Parents & Siblings**

- We prefer no more than 4-8 adult volunteers (including teachers) attend tours and/or programs at the Nature Center. We understand that additional parents may be needed for transportation to the Center, but we will restrict the number of adults to 8 (including teachers/aides) that can accompany a group during the program and on the trail. Please see below for more information.
- Siblings that accompany drivers are **not** to participate in the program. If a parent driver needs to bring another child, then the parent should remain with that child and not join the tour.
- Siblings that are not part of the class distract from the quality of the program and divert a parent's ability to assist the teacher with class discipline. They may also create safety concerns for the naturalists leading the programs. If a parent, who has brought a student's sibling, is absolutely needed to accompany the group, arrangements must be made to leave the sibling with one of the other non-participating parents.
- *Please know that we understand your situation. We appreciate the parents that take time out of their busy day to drive children to this field trip. We know that it is very difficult to tell parents that siblings will not be able to accompany the tour.*

### **FAQs**

#### "May we go on the trail walk with our children?"

The number of participants is limited by legislation to reduce impact on wildlife. Therefore, you may join the class only if your school has included you as an attending chaperone. Our experience is that the quality and safety of the students on the trail walk is highest/best when the groups are smaller. This allows the leader to focus on the children's observations and questions while watching for anything that might be a safety concern, such as a rattlesnake on the trail. As much as we appreciate your interest, we have found that having more than the stated adult per child ratio makes it difficult for the students to hear what is being taught and to concentrate on the program. Siblings will also have different educational needs because they are older or younger.

#### "What can the remaining parents (and siblings) do while the students are having their program?"

They may either:

- 1) Meet at the outside picnic tables while the inside program is taking place. When the class goes on the trail walk, they can then enter the main Nature Center building to see the animals and visit the exhibit.

- 2) Drop off the students that are part of the program and return at a pre-determined time for pick-up when the program is finished.
- 3) Go to picnic areas of Ancil Hoffman Park (across from the golf course) and enjoy the trails and river on their own.

*"May we go on the trails on our own (or with other extra drivers and siblings)?"*

Unfortunately, the area is considered "reserved" for paid program participants until after 1:30 pm Monday through Friday. Individuals can hike our trails, but other groups are to respect paid program participants' time in the Nature Area and not use the trails. If you would like to take a walk, we suggest you drive over to the picnic area across from the Ancil Hoffman Golf Course and explore the trails along the river there.

**We appreciate your cooperation.** Remember that your school may not be the only one having a program at the Nature Center on the day of your visit. Our Naturalists coordinate with each other to minimize the impact of multiple groups in the preserve at the same time.

**Thank you so much. We look forward to meeting you and your students on the day of your program!** Please encourage the families of your students to visit the Nature Center and Nature area on their own. We have heard that many of the children who have participated in a Nature Area Tour later enjoy being the leader on a walk with their families.
